## INTRODUCTION

---

This edition of the Ministry's Statistical Summary offers a selection of data covering all aspects of the Ministry's activities for the years 1972-73 and 1973-74, including apprenticeship training, training in industry and attendance at provincial cultural institutions.

The enrolment data indicate that in recent years there has been a trend towards stabilization in university enrolment while full-time post-secondary enrolment at the colleges of applied arts and technology has continued to grow. Despite the continued influx of immigrants to Ontario in recent years the citizenship of students at both the universities and colleges is predominantly Canadian, and shows only limited fluctuations in this regard.

Operating support to provincially assisted Ontario universities, colleges of applied arts and technology and cultural institutions increased between 1972-73 and 1973-74 whereas capital grants allocated to these institutions, which in 1972-73 amounted to more than \$147 million, decreased to \$74 million in 1973-74, reflecting the decision to limit new capital expenditures.

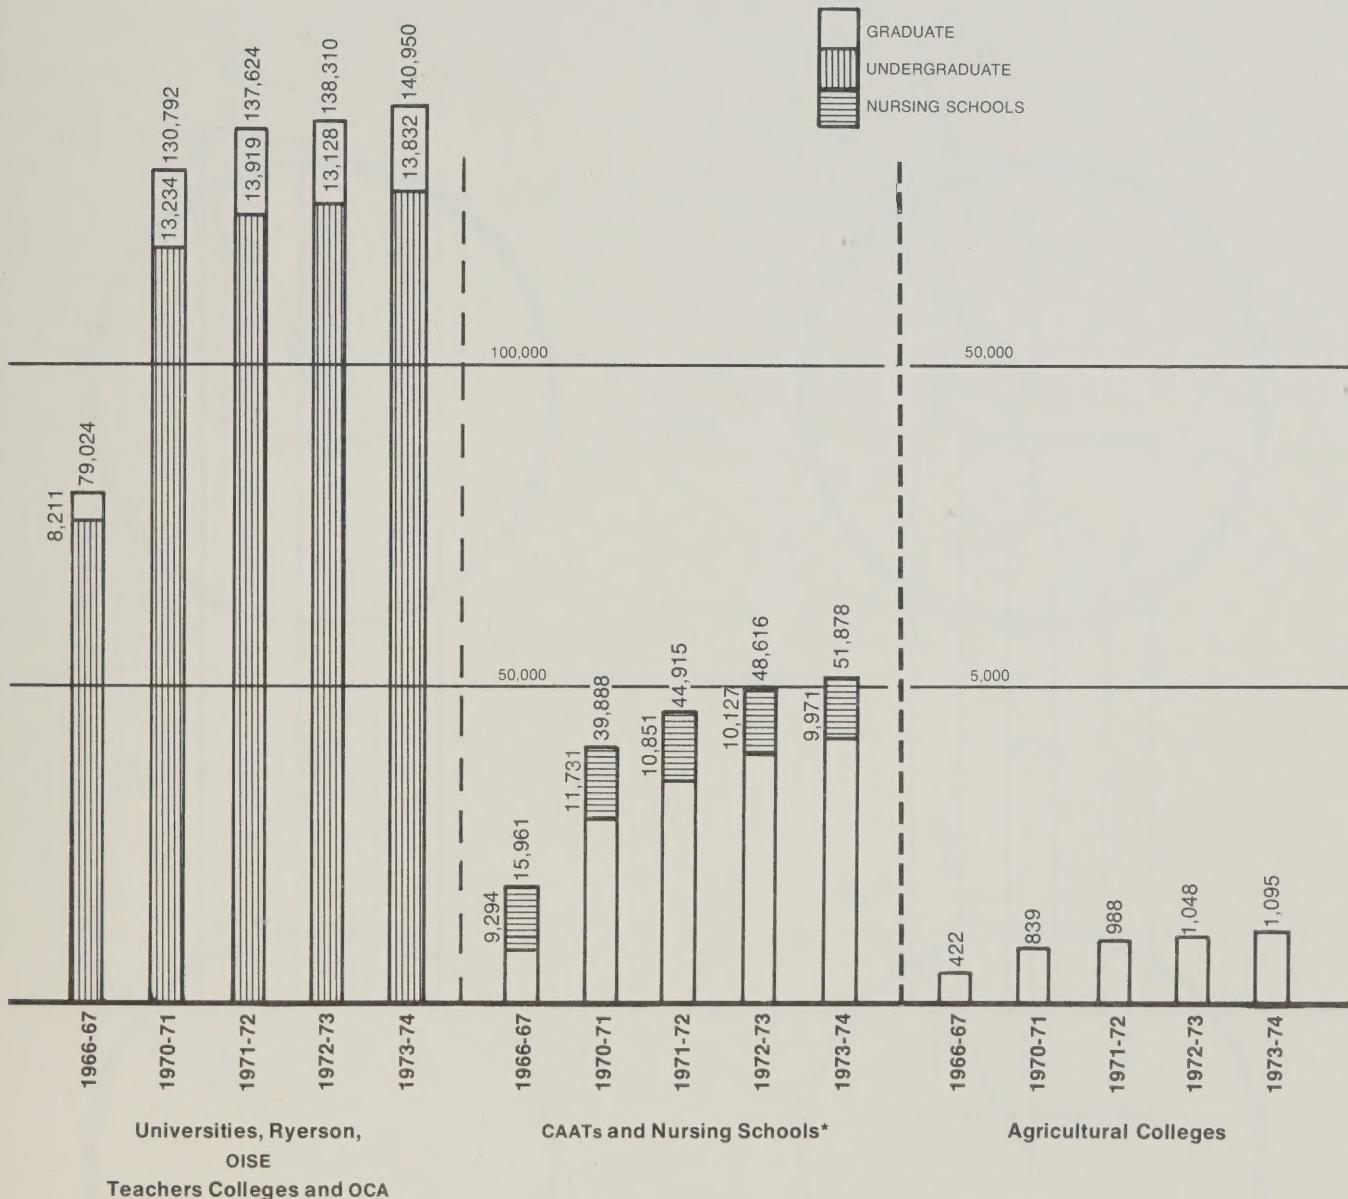

The Ministry would welcome advice from users of this statistical summary so that future editions can be improved. Please send your comments and suggestions to the Statistical Services Branch, Mowat Block, Queen's Park, Toronto, Ontario.

TABLE 1

## Full-time post-secondary enrolment – 1966, 1970 to 1973 fall term

7

## NOTES:

The total fall-term full-time enrolment for each year is shown above the bar representing that year.

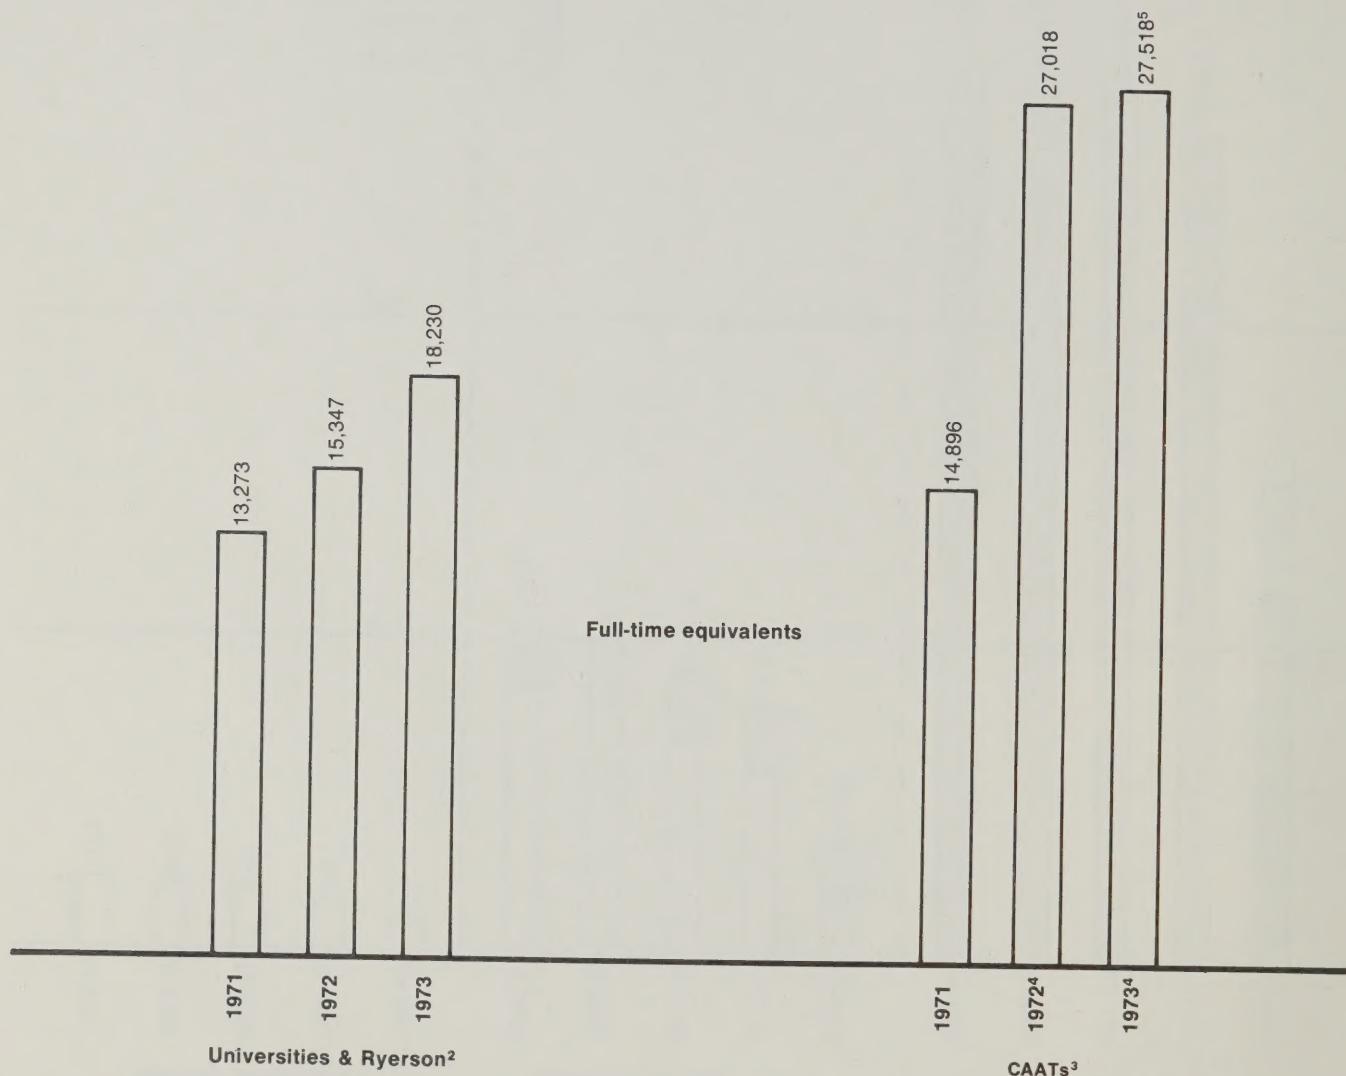

For the universities the actual number of graduate students included in this total enrolment is shown within the bar representing the particular year. The same applies for nursing students in CAATs.

\*Humber College of Applied Arts and Technology has offered Nursing Programs throughout the period shown. Nursing Schools were integrated with the other colleges during 1973.

TABLE 2

Part-time enrolment in formula-financed programs – 1971 to 1973 fall term<sup>1</sup>

8

1. Includes students eligible to generate assistance under the formula financing schemes only. Factors used in the conversion of part-time students to full-time equivalents (FTEs):

Universities and Ryerson – 1970-71 and 1971-72 – 6  
1972-73 – 5.5  
1973-74 – 5

Colleges of Applied Arts and Technology –

post-secondary, career-oriented and general-interest courses – 300

contact hours

adult training – 852 contact hours.

2. University enrolment includes undergraduate and graduate regular session part-time FTEs.

3. Includes part-time post-secondary, career-oriented and general-interest courses.

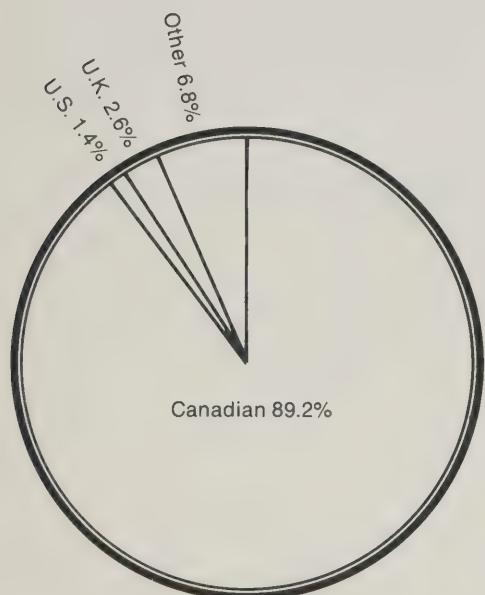

4. Includes, in addition to (3) above, provincially assisted adult training.

5. These figures are subject to revision.

1. CAATs do not have graduate programs.  
2. Nursing programs are included in 1973.

TABLE 6

## Educational source of freshman students – 1972 and 1973 fall term

13

1. Entrance at second semester, or higher, usually because of transfer from University or another CAAT.

2. Extra credit in one or more courses, because student has some or all of Grade 13.

## NOTE:

The 1972 and 1973 data were collected on different bases and cannot be compared.
